If I could say everything  
Do you know just what I'd say?  
I was forced to spend years away  
Toying with my troubles  
Playing with my pain

All the times you said you cared  
They don't mean a thing  
Like a bird, I've got to fly  
You can't clip my wings

[Chorus:]  
I'm lost inside myself  
Trying to get out of a living hell  
I don't feel any love  
How could they shove me away?  
Thought I was invincible, but I still do break  
I'm not asleep, just painfully awake

Everyone in this world paints on a smile  
And you pretended to care all of the while  
Why do I feel so unloved?  
I feel like I'm not good enough

Nothing you can say will mean a thing  
All of the times you lied to me  
And you made me look like I was mean  
For taking back all that you see

[Chorus:]  
I'm lost inside myself  
Trying to get out of a living hell  
I don't feel any love  
How could they shove me away?  
Thought I was invincible, but I still do break  
I'm not asleep, just painfully awake

You left me in a mess  
You're a devil under that dress  
Nobody has seen what I have  
You're good side and your bad half  
I hope that you will learn

To not be at all like her

[Chorus:]

I'm lost inside myself  
Trying to get out of a living hell  
I don't feel any love  
How could they shove me away?  
Thought I was invincible, but I still do break  
I'm not asleep, just painfully awake

[Chorus:]

I'm lost inside myself  
Trying to get out of a living hell  
I don't feel any love  
How could they shove me away?  
Thought I was invincible, but I still do break  
I'm not asleep, just painfully awake
