You never wrote me letters
I had hoped you'd be better
My new best friend is the bottle
I'm trying to get back in full throttle
All these party boys and hooker girls
The perfect poison to infect our world
You're nothing special
You're nothing special

[Chorus:]

Look right here, what do you see?
My arms and wrists both bleed
And tears in my eyes make me unable to see
This is what you're doing to me
I'm breaking down at the sound of the engine
On life support, I'm barely living
A year ago I'd have never guessed
You'd add fuel to the fire and make me a mess

Nothing ever seems the same alone
I took a left and drove in the wrong zone
A mistake I'll never make again
My driver's seat days come to an end
Always thought you'd be the last to lie
My best friend led to DUI

[Chorus:]

Look right here, what do you see?
My arms and wrists both bleed
And tears in my eyes make me unable to see
This is what you're doing to me
I'm breaking down at the sound of the engine
On life support, I'm barely living
A year ago I'd have never guessed
You'd add fuel to the fire and make me a mess

I need some peace so I reach for the gun
Finally my pain might just be done
In my after life will you still stare?
And even make me bleed there?
I'm nothing special
You're nothing special

I'm nothing special
You're nothing special

[Chorus:]
Look right here, what do you see?
My arms and wrists both bleed
And tears in my eyes make me unable to see
This is what you're doing to me
I'm breaking down at the sound of the engine
On life support, I'm barely living
A year ago I'd have never guessed
You'd add fuel to the fire and make me a mess

[Chorus:]
Look right here, what do you see?
My arms and wrists both bleed
And tears in my eyes make me unable to see
This is what you're doing to me
I'm breaking down at the sound of the engine
On life support, I'm barely living
A year ago I'd have never guessed
You'd add fuel to the fire and make me a mess

(Gunshot)
Of all the fools
There's one less
