They go around, dropping names  
Hoping to gain a little bit of fame  
I see a future that's very grim  
They get on stage and then the lights dim  
They cut themselves until they can't bleed  
I hope that one day everyone will plead  
Why is this happening?  
We fucked up everything

[Chorus:]

Get that razor out of your wrist  
I don't ask, but I do insist  
Why are you doing stupid shit?  
The way you are just isn't fit  
You're addicted to your Baby Phat  
I'm sure Kimora Lee loves that  
But that doesn't mean jack  
Why do you go around talking smack?

You're living your life in the fast lane  
All the while, you're drinking blue champagne  
You hope it will dull the pain  
But yet it stings like a torrent of acid rain  
Suffocate yourselves 'til you can't breath  
Oh, sorry, you didn't catch the irony  
You don't know who I am  
And I don't give a damn

[Chorus:]

Get that razor out of your wrist  
I don't ask, but I do insist  
Why are you doing stupid shit?  
The way you are just isn't fit  
You're addicted to your Baby Phat  
I'm sure Kimora Lee loves that  
But that doesn't mean jack  
Why do you go around talking smack?

Who's that on the TV?  
You say, "I wish she was me."  
Too bad you can't see  
Your own stupidity

You feed off jealousy  
And starve to death sometimes  
I see that you're trying  
But the lyrics still don't rhyme

[Chorus:]

Get that razor out of your wrist  
I don't ask, but I do insist  
Why are you doing stupid shit?  
The way you are just isn't fit  
You're addicted to your Baby Phat  
I'm sure Kimora Lee loves that  
But that doesn't mean jack  
Why do you go around talking smack?
