I didn't commit the crime but I'm a prisoner in this place  
Using every vice I can to attempt to forget your face  
The beauty that shone so brightly was the start of my  
demise  
I tasted poison in your kiss and saw death in your eyes  
Maybe I'll play the victim this brand new time around  
Go up to the witness stand and keep staring at the  
ground

[Chorus:]

I'll point out who it was that shot shot me down  
A river of tears, my ocean is the place in which I drown  
I'm already sworn in so there's no going back now  
I have to tell the truth and speak my thoughts aloud  
Getting worse with every second as every lie amounts

Perjury and misery are the reasons for my stand  
The way this love of ours went down was never planned  
I meant to hold you for forever and never let you go  
Was too caught up in my misery to pick up my damn  
phone  
Maybe I'll play the victim this brand new time around  
Go up to the witness stand and keep staring at the  
ground

I'll point out who it was that shot shot me down  
A river of tears, my ocean is the place in which I drown  
I'm already sworn in so there's no going back now  
I have to tell the truth and speak my thoughts aloud  
Getting worse with every second as every lie amounts

Victim of a biased system, I can't help myself  
My escape rote got derailed and put on the shelf  
Maybe I should try to let someone else in  
Far too afraid to let love under my skin

I'll point out who it was that shot shot me down  
A river of tears, my ocean is the place in which I drown  
I'm already sworn in so there's no going back now  
I have to tell the truth and speak my thoughts aloud  
Getting worse with every second as every lie amounts

I'll point out who it was that shot shot me down  
A river of tears, my ocean is the place in which I drown  
I'm already sworn in so there's no going back now  
I have to tell the truth and speak my thoughts aloud  
Getting worse with every second as every lie amounts
