Bitch, moan, bitch, moan  
Silly cunt, get off your throne  
Bitch, moan, bitch, moan  
Silly cunt, get off your throne

I hate you so much, can't even describe  
How you go & fuck it up every time  
Used to think this life was a crazy ride  
But now I think it's shit so don't look in my eyes  
You're whoring to the left & you're whoring to the right  
Bitch you can't steal my happiness tonight

[Chorus:]

The reason I hate life is because you exist  
Your head is in the clouds, thinking you're the shit  
The problem with my future is that you won't die  
Yet you wonder every single time I tell a lie  
But you know it's true, so what are you gonna do?  
The reason this song sucks is because it's about you

I've tried to make up with you once or twice before  
But then you open your mouth and shit hits the floor  
You think you're tough when you only slam the door  
Do you want to keep me fighting more and more?  
No, I didn't think so  
But bitch there's one thing that you should know

The reason I hate life is because you exist  
Your head is in the clouds, thinking you're the shit  
The problem with my future is that you won't die  
Yet you wonder every single time I tell a lie  
But you know it's true, so what are you gonna do?  
The reason this song sucks is because it's about you

Why you bother trying is confusing to me  
Shut your fucking mouth and then you'll see  
I'm living large, earning big and making money  
And unlike you, I don't do it on my knees

Bitch, moan, bitch, moan  
Ugly bitch, you'll stay alone

The reason I hate life is because you exist  
Your head is in the clouds, thinking you're the shit  
The problem with my future is that you won't die  
Yet you wonder every single time I tell a lie  
But you know it's true, so what are you gonna do?  
The reason this song sucks is because it's about you

The reason I hate life is because you exist  
Your head is in the clouds, thinking you're the shit  
The problem with my future is that you won't die  
Yet you wonder every single time I tell a lie  
But you know it's true, so what are you gonna do?  
The reason this song sucks is because it's about you
