

## Jace Clemson "Why'd You Have To Leave"

Visit "[Why'd You Have To Leave](#)" on MotoLyrics.com

Call me a little on the darker side of this love  
From day one I've been sticking to misery in handcuffs  
I'm breaking out of worry and free from my care  
And tossing all that bullshit up into the air  
People are breathing down my neck every single day  
And I couldn't care less now about a single word they  
say

[Chorus:]

Sitting in the backseat, never in the front  
Thrown from left to right, and frankly I'm done  
Tired of the tears so I'll make you my biggest fan  
Take over the world with just a wave of my hand  
And now I'm going to make them desperately miss me  
Begging me to stay, asking "why'd you have to leave?"

Irresponsible with myself and I never gave a damn  
Sat around in my flat for days thinking of a plan  
Sell your soul away for everything you've ever got  
Everything comes to you if you convince them that  
you're hot  
Put it in the papers, every word I'll ever speak  
Then use them in the future to try and abuse me

Sitting in the backseat, never in the front  
Thrown from left to right, and frankly I'm done  
Tired of the tears so I'll make you my biggest fan  
Take over the world with just a wave of my hand  
And now I'm going to make them desperately miss me  
Begging me to stay, asking "why'd you have to leave?"

I'd rather not sit in the backseat of the film  
I'd rather make love in that area, in that realm  
I'd rather not sit in the corner in a daze  
I'd rather have you get lose inside my twisted maze

Sitting in the backseat, never in the front  
Thrown from left to right, and frankly I'm done  
Tired of the tears so I'll make you my biggest fan  
Take over the world with just a wave of my hand  
Never one to beg about what I think that I deserve  
I'm going to get them hanging on my every single word

And now I'm going to make them desperately miss me  
Begging me to stay, asking "why'd you have to leave?"
