Innocence

Let me be the one to come
And lead you through the night
The visions that are haunting you
You will vanish with the light
And the stars above will shine again
When the morning comes
You'll smile again

When hopes and dreams begin to fade
Your skies begin to bleed
Let me be your comfort
And your wounds bring relief
And the restore the heart of innocence
And the restore the heart of innocence

Picking up the pieces
Can you heart believe in love?
Let the rain fall down on you
Let the healing come
And your eyes will see the way again
Spread your wings i know
You'll fly again

When hopes and dreams begin to fade
The skies begin to bleed
Let me be your comfort
And your wounds bring relief
And the restore the heart of innocence
And the restore the heart of innocence

Are you remounting
you can see for miles
And you're so clear even for the child
Left to the reckless through your heart in mild
Close your eyes and reach beyond your straight
Looking up to the open sky
Do you ever feel the wind wonder why
You're right you're here
The answer is clear

When hopes and dreams begin to fade
The skies begin to bleed
Let me be your comfort
And your wounds brings relief
And the restore the heart of innocence
And the restore the heart of innocence

When hopes and dreams begin to fade
The skies begin to bleed
Let me be your comfort
And your wounds brings relief
And the restore the heart of innocence
And the restore the heart of innocence

Spread your wings to fly away
You'll smile again
Let me be the one to see you smile
To see you fly again
Lalalalala
Can you heart belive in love
