We hang the lights, have snowball fights
And sing our favorite tunes
All of these are memories I make each year with you

We decorate the Douglas together
And watch "It's A Wonderful Life"
I look forward to every December
'Cause you're always here by my side

It wouldn't be Christmas without you
The season would just come and go
The holiday cheer would all disappear along with the
sleigh bells and snow
Santa and eight little reindeer might as well pass on
through
'Cause baby it wouldn't be Christmas without you

No, it wouldn't be
Oh, not without you
Oh no, my baby

Santa and eight little reindeer might as well pass on
through
'Cause baby it wouldn't be Christmas without you
'Cause baby it wouldn't be Christmas without you
