Come on now

We live in a dream if we really think
Every thing's alright, yeah
This world is in need crying out to be freed
We gotta shed some light, oh

Teach the world to smile
(And hear angels sing)
Feel the breath of God
(And the power it brings)

It's time to come together, you and I
And share the love of Jesus Christ

We can make a difference
We can make a change
We can make the world a better place

We can make a difference
We can make a change
We can make the sun shine through the rain
Shine on through the rain

Do you know a man who's needin' a hand?
Don't you walk on by, oh
A sister is sad, lost all that she had
We gotta take the time, oh

Look around your world
(It will testify)
Some have empty hearts
(Some have hungry eyes)

God can heal the suffering through our hands
Find compassion, take a stand
We can make a difference
We can make a change
We can make the world a better place

We can make a difference
We can make a change

We can make the sun shine through the rain
Shine on through the rain

Teach the world to smile
(And hear angels sing)
Feel the breath of God
(And the power it brings)

It's time to come together, you and I
And share the love of Jesus Christ

We can make a difference
We can make a change
We can make the world a better place

We can make a difference
We can make a change
We can make the sun shine through the rain
Shine on through the rain

We can make a difference
(Shine on)
Make a change
(Come on now, shine on through it, oh)
We can make a difference, difference, difference
(You can make a difference, you can make a change)

We can make a difference, difference, difference,
yeah yeah
