Lets go

Early mornings make me angry
And routine takes away the very essence of the day
But when reflection shows a need for the latter then it
matters
So I don't waste away
Waste away
Waste away
I don't waste away

I used to wake at eleven and I
Never did shit I'm thinking as I pen it that I
Could have used my time a little wiser
But it's too late I should have fucken opened my eyes
up

Don't you waste today
(hey hey)
Don't you waste today
(hey hey)
Don't you waste today
(hey hey)
Don't you waste today

(I'm goin to hell)

You say you think that nothing matters
Well put your head back in your arse you fucking waste
of skin
The fact you're here's a bonus
I think you'll find the onus
Is on you to learn
That he who tries is he who wins

I used to wake at eleven and I
Never did shit I'm thinking as I pen it that I
Could have used my time a little wiser
But it's too late I should have fucken opened my eyes
up
I used to wake at eleven and I
Never did shit I'm thinking as I pen it that I

Could have used my time a little wiser
But it's too late I should have fucken opened my eyes
up

(Im feeling so much better)

I don't want to waste my time away
Away
Away
Away

I don't want to waste my time away
Away
Away
Away

I don't want to waste my time away
Away
Away
Away

Don't you waste today
(hey hey)
Don't you waste today
(hey hey)
Don't you waste today
(hey hey)
Don't you waste today

(hey hey)
(hey hey)
(hey hey)
