I don't wanna hear about it anymore
It's a shame I've got to live without you anymore
There's a fire in my heart, a pounding in my brain
Driving me crazy

We don't need to talk about it anymore
Yesterday is just a memory, can we close the door
I just made one mistake, I didn't know what to say
When you called me baby

Don't say goodnight, say you're gonna stay forever
Oh, all the way

Can you take me high enough
To fly me over yesterday
Can you take me high enough
It's never over, the yesterday is just a memory

And I don't want to live without you anymore
Can't you see I'm in misery and you know for sure
I would live and die for you
Now, I know just what to do when you call me baby

Don't say goodbye, say you gonna stay forever
Oh, all the way

Can you take me high enough
To fly me over yesterday
Can you take me high enough
It's never over, the yesterday is just a memory

I'm running, I was running for the door
The next thing I remember
I was running back for more, yeah, yeah

Don't say goodbye, say you gonna stay forever
Oh, all the way, all the way, all the way, yeah

Can you take me high enough
To fly me over yesterday
Can you take me high enough
It's never over, woah

Can you take me high enough
Won't you fly me over yesterday
Can you take me high enough
It's never over, woah, ooh
