I remember when you said with this ring I Thee wed
Now you've gone betrayed my trust rings of gold have
turned to rust
Tears can't wash away the sin love that's dead can't
live again
Knowin' there's no hope for us turns these rings of gold
to rust
Plans we made just yesterday sands of time had
chipped away
Now they've crumbled into dust rings of gold had
turned to rust
[violin - dobro]
Love before was clean and pure never more can I be
sure

You will not betray mu trust rings of gold had turned to
rust mhmm mhm
