"When The Grass Grows Over Me"

When you left I thought that I would soon get over you
Even told myself that I would find somebody too
Time and tears have come and gone but not your
memory

But I'll be over you when the grass grows over me
Yes I'll be over you when you're standing over me
And as you look down at the cold cold ground I'm
sleeping in

Don't expect to hear me say that I still love you then
Cause I'll be over you when the grass grows over me
[steel]

Even when my eyes are closed they keep on seeing you
Every minute I'm alive I'm hurtin' through and through

And as long as I live I know I won't be free
But I'll be over you when the grass grows over me
Yes I'll be over you...
