I always believed and followed  
Trusted in things, relied on faith  
Faith let me down in hollow  
Now I have found another way

### CHORUS

All I can do is what you want me to do  
But I don't  
All I can say is what you want me to say  
But I won't  
All I can prove to you is I got nothing left to prove to you  
Truth is that anything for you is all I can do

Everything is an empty promise  
All that you say lies to me  
Silver and gold, shiny polish  
It ain't worth anything if it ain't what you need

### CHORUS

All I can do is what you want me to do  
But I don't  
All I can say is what you want me to say  
But I won't  
All I can prove to you is I got nothing left to prove to you  
But at the end of every day, blinded by the truth  
Anything for you is all I can do

It's all I can do  
It's all I can do  
It's all I can do

All I can prove to you is I got nothing left to prove to you  
But at the end of every day, blinded by the truth  
Anything for you is all I can do

It's all I can do  
It's all I can do  
It's all I can do
