Everybody is looking for someone to blame
Everywhere I go it's always the same
Got a hole in my heart that I cannot name
And I just can't keep on trying to

The other day you should've heard my girl
I came home laughing as the flags unfurled
She said you better find a way to loving this world
As it baby you know I'm just dying to

I need something that make me feel better
Something simple and not for me
I need something that make me feel better
Something as easy as 1, 2, 3, something as easy as 1,
2, 3

Everything I wanted is so over-rated
I almost had it all and I'm still frustrated
Why's it got to be so damn complicated
Sometimes I just can't take it

I need something that make me feel better
Something simple and not for me
I need something that make me feel better
Something as easy as 1, 2, 3, something as easy as 1,
2, 3

I need something, I need something, I need something

I walk outside and I stare at the sky
In sight of second a star shoots by
And I think to myself, man what a lucky guy
And blink and I would've missed it

I need something that make me feel better
Something simple and not for me
I need something that make me feel better
Something as easy as 1, 2, 3

I need something that make me feel better
Something simple and not for me
I need something that make me feel better

Something as easy as 1, 2, 3, something as easy as 1,
2, 3
