I've got a symbol in my driveway
I've got a hundred million-dollar friends
I've got you a brand new weapon
Let's see how destructive we can be

I've got a brand new set of stencils
I've been connecting all the dots
Got my plans in a zip-locked bag
Let's see how unproductive we can be

I've got a lightbulb full of anger
And I can switch it on and off
Situations it can be so bright
I can't believe how pathetic we can be

I've got a perfect set of blueprints
I'm gonna build somebody else
Might cost a little more than money
But what's man without his wealth?

I got a phos-florescent secret
But don't you tell nobody else
Next thing you know
The whole world will be talking
About all the clues they got
They just aint no use
They got hmmm....
