Slowly I can feel you move away  
Wishing there was something I could say  
Finally, I see everything that I could lose  
That's why I'm praying  
You still think I'm right for you

\*Chorus\*: It's so hard to separate  
The love that we made  
From the love we've wasted  
Too far gone but not too late  
Tell me this ain't over yet  
Promise that you won't forget

To remember that we really fell in love  
Before we ever knew what the meaning love it was  
Maybe, you let me take you by the hand  
Only this time I'll never let it go again

\*Chorus\* 2X

To wait for me  
Give me just another day  
When you wanna leave  
Know that I want you to stay

Finally, I see everything that I could lose  
That's why I'm praying  
You still think I'm right for you  
That's why I'm praying  
You still think I'm right for you.
