Sitting up late at night in bed and I thank you  
All alone, wide awake, I don't know what to do  
So I reach for the phone and there's your voice coming  
my way  
Once again, I'm all choked up, I don't know what to say

Wanna tell you, I love you, wanna tell you, I care  
Wanna tell you, baby, I'm right here  
Wanna tell you, I'm crying, wanna tell you, I'm smiling  
Wanna tell you, everything I feel

But you don't come around me no more  
Why don't you come knockin' down my door, no more?  
You don't look at me on the street and you don't smile  
when you pass by  
If you don't turn around soon, you're gonna make this  
big man, big man cry

Wanna tell you, I love you, wanna tell you, I care  
Wanna tell you, baby, I'm right here  
Wanna tell you, I'm crying, wanna tell you, I'm smiling  
Wanna tell you, everything I feel

And I know that things get cloudy when the sun goes  
down  
And I know that cities wash away with the rain  
And I know that you and I are not the ones to say  
goodbye  
And I know, no I think, no I think, I know, tomorrow's  
another day

I'm sittin' on my soul, writing a tale of love gone bad  
But all I can think of are times  
When you make me happy, you make me glad  
I want to wake up, turn around and walk, turn around  
and walk out clean

And I know that things get cloudy when the sun goes  
down  
And I know that cities wash away with the rain  
And I know that you and I are not the ones to say  
goodbye

And I know, no I think, no I think, I know, tomorrow's  
another day

And I know, no I think, no I think, I know, tomorrow's  
another day
