All at once,  
The world can overwhelm me  
There's almost nothin' that you could tell me  
That could ease my mind

Which way will you run  
When it's always all around you  
And the feelin' lost and found you again  
A feeling that we have no control  
Around the sun  
Some say  
There's gonna be the new hell  
Some say  
It's still too early to tell  
Some say  
It really ain't no myth at all

Keep askin' ourselves are we really  
Strong enough  
There's so many things that we got  
Too proud of  
We're too proud of  
We're too proud of

I wanna take the preconceived  
Out from underneath your feet  
We could shake it off  
Instead we'll plant some seeds  
We'll watch em' as they grow  
And with each new beat  
From your heart the roots grow deeper

The branches will they reach for what  
Nobody really knows  
But underneath it all  
Theres this heart all alone

What about is gone  
And it really won't be so long  
Sometimes it feels like a heart is no place to be singin'  
from at all

Theres a world we've never seen  
Theres still hope between the dreams  
The weight of it all  
Could blow away with a breeze  
If your waitin on the wind  
Don't forget to breathe  
Cause as the darkness gets deeper  
We'll sink and so we reach for love  
At least somethin we could hold  
But i'll reach to you from where time just cant go

What about when it's gone  
And it really wont be so long  
Sometimes it feels like a heart is no place to be singin'  
from at all
