It's such a tired game
Will it ever stop
How will this all play out
Out of sight, out of mind

By now we should know
How to communicate instead of coming to blows
We're on a roll
And there ain't no stopping us now
We're burning under control
Isn't it strange how
We're all burning under the same sun
By now we say it's a war for peace
It's the same old game
But do we really want to play?
We could close our eyes it's still there
We could say it's us against them
We can try but nobody wins
Gravity has got a hold on us all
We try to put it out
But it's a growing flame
Using fear as fuel
Burning down our name
And it won't take too long
Cause words are burning same
And who we gunna blame now?

And oh, it's such a crying crying crying shame

It's such a crying crying crying shame
It's such a crying crying crying shame, shame, shame

By now
It's beginning to show
A number of people are numbers who aint coming
home
I can close my eyes it's still there
Close my mind be alone
Close my heart and not care
But gravity has got a hold on us all
It's a terrific price to pay
But in the true sense of the word

Are we using what we've learned?
In the true sense of the word
Are we losing what we were?
It's such a tired game
Will it ever stop?
Is not for me to say
And is it in our blood?
Or is it just our fate?
And how will this all play out
Out of sight, out of mind
And who we gunna blame?
On and on
It's such a crying crying crying shame
It's such a crying crying crying shame
