Drink the water drink it down
This time I know I'm bound to spit it back up
I didn't want this salty substitute
Just not going to do I need some air
If I'm going to live through this experience
Reminds me of a clock that just won't tick

I want to wake up from this concussion
But my dream is just not done I'm late again
It's just one of those bad days look outside and
Be careful what you ride you just might find
That you're out of time to swim ashore
If I drift long enough, I'll be home

He's got delusions between his ears
Man it takes up too much space
And all that tension between his gears man
He'll never ever leave this place
He's got stones instead of bones and everybody knows
Ah man that can make you real real slow

And if Heaven was below he'd know just where to go
Dive in the ocean and he'd sink like a stone
And he'd say, "It's time to swim ashore
If I drift long enough, I'll be home"

Hold on if you can you're gonna sink faster
Than you can imagine so hold
Now just hold on if you can you're gonna sink faster
Than you can imagine so hold
It's just time to swim ashore
If I drift long enough, I'll be home
