I've got a symbol in my driveway  
I've got a hundred million dollar friends  
I got you a brand new weapon, lets see how destructive  
we can be  
I got a brand new set of stencils  
I been connectin' all the dots  
I got my plans in a zip loc bag, lets see how productive  
we can be  
I got a light bulb full of anger, I could switch it on and  
off  
Situations it can be so bright, I can't believe how  
pathetic we can be  
I got a perfect set of blue prints, I'm gonna build  
somebody else  
Might cost a little more than money, but whats man  
without his wealth  
I got a phosphorescent secret, don't ya tell nobody else  
Blah blah blah blah blah blah blah blah ... (music  
fades)
