(VERSE ONE)

I woke up this morning
A rainbow filled the sky
Yes I woke up this morning
A rainbow filled the sky
Well that was God telling me
Everything is gonna be alright

(VERSE TWO)

Well so long good friends
When will we meet again
I said so long good friends
When will we meet again
Well I don't know, I don't know
But I guess I'm 'a see you then
Oh I'll see you man

(BRIDGE)

*Guitar/Harmonica *

(VERSE THREE)

Well I'm gonna pack my old guitar
Move on down the road (keep on moving)
I'm gonna pack my old guitar
Move on down the road (where you gonna go)
Oh where I go, I don't know
But I guess I just gotta go

(VERSE FOUR OUT)

Well I woke up this morning
A rainbow filled the sky
Well I woke up this morning
A rainbow filled the sky
Well that was God telling me
Everything - everything
is gonna be alright
