I remember how you used to love to be with me.
(I remember)
I remember as I watch you walk away.
(I remember)

Now you've grown tired of me.
(Tired)
Now you no longer love me.
(Love me)
Oh, how can I be strong,
Seein' the right love go wrong?

All the good times,
All the plans,
The dreams I dreamed with you...
(All the good times)

One by one they died a little more each day.
(One by one)
With only pain and sorrow,
(Sorrow)
To face each blue tomorrow,
(Tomorrow)
Oh, how can I be strong,
Seein' the right love go wrong?

When my whole world is dying,
(Dying)
Can I? keep from crying,
(Crying)
Oh, how can I be strong,
Seein' the right love go wrong?
