A witch will burn
when she's thrown into the fire
Not her she'll peel and writhe
but never expire
She crawls on webs of lies
I die up inside her
to take what's mine
that bitch the cinnamon spider

I won't try
and every time I tell that lie
I live without guilt
and I won't cry
and I hope you love your life
and live with your guilt

Consumed by hate and guilt
She'll never retire
too old to fix
too dead to ever acquire
slit wrists - talk shit
But she will never inspire
a plan to save herself

the cinnamon spider

I won't try
and every time I tell that lie
I live without guilt
and I won't cry
and I hope you love your life
and live with your guilt

bite heads off those who fail
and try to imply her
forlorn despised
I am the cinnamon spider

I won't try
and every time I tell that lie
I live without guilt
and I won't cry

and I hope you love your life
and live with your guilt

and I am fine
and I'll learn to take what's mine
and live without guilt
Oh yeah
