Wash off those scabs dear  
Or fingernail-pick them clean  
Pray to all your long-lost demons  
and justify your means  
Devil has a new shape  
Devil has a new ride  
Devil has a problem but he locks it up inside  
Shit angel  
Kids sure like the devil these days  
and i'm the devil with the black dress on  
Do you want to own me angel  
Cause i own you now you're gone  
Kids sure like the devil these days  
and i'm the devil with the black dress on  
Do you want to hate me angel  
Cause i hate you now you're gone  
Did you believe it cause i said so?  
Did you believe it was true?  
Did you believe it cause i said so?  
Angel i sure lied to you  
Did you believe it cause i said so?

Did you believe it was true?

I'm eternal and infernal

and i sure lied to you

Shit angel

Kids sure like the devil these days

and i'm the devil with the black dress on

Do you want to own me angel

Cause i own you now you're gone

Kids sure like the devil these days

and i'm the devil with the black dress on

Do you want to hate me angel

Cause I hate you now you're gone

Good girl with the black eyes

Believe in future past

Everything that I want happens

See how long that lasts

Devil has a hotrod

Devil high on speed

Devil has a black dress

So her arms can bleed

Kids sure like the devil these days

and i'm the devil with the black dress on

Do you want to know me angel

Cause i know you now you're gone

Kids sure like the devil these days

and i'm the devil with the black dress on

Do you want to hurt me angel

Cause i'm hurting you now you're gone

G-g-g-gone

G-g-g-gone

G-g-g-g-gone-gone-gone

Gone
