Hello I'm here to invite you  
To things you cannot feel  
and if you push me too far  
You might believe I'm real

Teeth scrape beneath the sweater  
To when you hate and steal  
Or do you think it better  
To obsess and not reveal

I know your secret  
It scrapes you way down  
Everything was clean  
Now everything's brown

Don't try to hide it  
Know you cannot feel  
What you are is something  
that I won't reveal

Hello I'm here to invite you  
To things you cannot feel

and if you fall apart  
You'll pretend I'm not real

You can't erase what you are  
So don't even try  
and how can I be truthful  
When everything I am is a lie

I know your secret  
It scrapes you way down  
Everything came clean  
Now everything's brown

Don't try to hide it  
When you dig to feel  
When it falls apart  
I hope I won't reveal

Hello, remember

Hello, remember  
Hello, remember  
Hello  
I'm real real real  
You think I'm not real
