I love myself I want you to love me
When I feel down I want you above me
I search myself I want you to find me
I forget myself I want you to remind me

I don't want anybody else
When I think about you I touch myself
I don't want anybody else
I touch myself

You close your eyes and see me before you
Think you would die if i were to ignore you
A fool could see just how much you adore me
Get down on your knees and do anything for me

I don't want anybody else
When I think about you I touch myself
I don't want anybody else

I'm the one who makes you come running
I keep you coming all the time
When I'm around you're always begging
I want to make you mine

I love myself I want you to love me
When I feel down I want you above me
I search myself I want you to find me
I forget myself I want you to remind me

I don't want anybody else
When I think about you I touch myself
I don't want anybody else

I don't want anybody else
When I think about you I touch myself
I don't want anybody else

I don't want anybody else
When I think about you I touch myself (fading...)
