I can change I can cut it open  
Look at me the way you did before  
I can change  
diagnose the symptom  
buy the anecdote but not the cure

Hold me under  
cut away this empty  
Hold me under  
change the way I feel about you

I can change  
I'll correct the defect  
repair the injury called you and me  
I can change  
I'll surrender to it  
I can suffer with the best of them

Hold me under  
cut away this empty  
Hold me under

change the way I feel about you

I can't change  
I'll replace the decay  
make you second guess your everyday  
I can't change  
I'll survey the damage  
Kill the narcissist with his reflection  
until tomorrow

Hold me under  
cut away this empty  
Hold me under  
change the way I feel about you

Hold me under  
cut away this empty  
Hold me under  
change the way I feel about you

until tomorrow
