Oh Vivica I wish you well
I watch you burn in humid hell
No sleeping pills no old tattoos
will save you now

He'll never change he's just too vague
he'll never say you're beautiful
Oh Vivica I wish you well I really do, I really do

The apple falls far from the tree
she's rotten and so beautiful
I'd like to keep her here with me
and tell her that she's beautiful
She takes the pills to fall asleep
and dreams that she's invisible
Tormented dreams she stays awake
recalls when she was capable...

Oh Vivica I wish you well
I watch you sit I watch you dwell
No crooked spine no torn up rag
will save you now

He'll never change he's not that brave
He'll never say you're beautiful
Oh Vivica I wish you well I really do, I really do

The apple falls far from the tree
she's rotten and so beautiful

I'd like to keep her here with me
and tell her that she's beautiful
She takes the pills to fall asleep
and dreams that she's invisible
Tormented dreams she stays awake
recalls when she was capable...

Oh Vivica I wish you well
I'll sit right here I'll never tell
no tender scar no twist of fate
will save you now

He'll never change he's just not there
He'll never say you're beautiful
Oh Vivica I wish you will I really do, I really do

The apple falls far from the tree
she's rotten and so beautiful
I'd like to keep her here with me
and tell her that she's beautiful
She takes the pills to fall asleep
and dreams that she's invisible
Tormented dreams she stays awake
recalls when she was capable...

She's empty and so beautiful
I'll keep her here with me
