There was a time and place not far from here and now
Maybe a brighter day
Maybe they had it made somehow

Living for there and then under a psychedelic spell
No one was listening still they had so much to tell

Whatever happened to the dreamers that always look
beyond the sky
Saw a world they could believe in but only when they
close their eyes

Mmm
Yeah
Yeah

They were the politicians
Men of the cloth
Painters and poets
Starting a revolution without even knowing it

Making the world around us
Making heaven and hell
Saying so much about us
Still they had so much to tell

Whatever happened to the dreamers that always look
beyond the sky
Saw a world they could believe in but only when they
close their eyes

Where are they now
They've all left town
Bringing the clouds

Yeah
Yeah
Yeah
Yeah

Ooh

Yeah

Whatever happened to the dreamers that always look
beyond the sky
Saw a world they could believe in but only when they
close their eyes
But only when they close their eyes
Yeah

Yeah
Yeah
La la la la

Why are we on our own
Why are we on our own

Nothing's ever been this way before
A dream is just a dream and nothing more

Nothing's ever been this way before
A dream is just a dream and nothing more
