I took another step
To find out which way my feet would fall
The right way must be left
Straight ahead is never good at all

I found myself beside
A boat about to leave for foreign tides
I shouted for a ride
But no one answered me, no one replied

What's a room when we are gone?
Just some walls that don't belong
What's a body when there's fear?
Of love man, we're so near

I'm so near, I'm so near, I'm so near
I'm so near, I'm so near

I ran towards the sound
Of falling trees crashing to the ground
But nothing could be found
So I dropped my hat and slowly turned around

Love is not a game
But something that I am desperate not to tame
I'm searching for your name
In places that I'll never go again

What's a room when we are gone?
Just some walls that don't belong
What's a body when there's fear?
Of love man, we're so near

I'm so near, I'm so near, I'm so near

Every moment passes by me
Every moment passes by
Every moment passes by me
Every moment passes by

Every moment passes by me

Every moment passes by me
Every moment passes by me
Every moment passes

I'm so near, I'm so near, I'm so near
I'm so near, I'm so near, I'm so near
I'm so near, I'm so near
