A dirty rain is falling at my feet  
People walk pretending not to see  
And I don't know why everybody wants what they  
don't need

It's everybody's world  
One man's grave  
And heaven only knows  
What's hidden up his sleeve  
Using diamonds, clubs and spades  
He'll win your hearts  
And build a house of cards  
And build a house of cards

'Til we all fall down  
And we all fall down  
Watch us all fall down  
Like black rain

Buildings getting tall  
Watch them scrape the sky  
Can't see the stars at all through the city lights  
When the fuel runs low  
Who cares if we're getting high  
It's not the things you know  
But the things that you deny

Make us all fall down  
And we all fall down  
Watch us all fall down  
Like black rain  
Like black rain

Dirty rain is falling at my feet  
People walk pretending not to see  
And I don't know why everybody wants what they  
don't need

Will we all fall down  
Til we all fall down  
Watch the oil fall down  
Like black rain

Like black rain

[It's not always gonna rain]

[It's not always gonna rain]

[It's not always gonna rain]
