Oh, Little One

Oh little one (oh little one)
Oh little one (oh little one)
I loved her so. I'll never let her go. whoa whoa

She's true to me (oh little one)
So true to me (oh little one)
Where will I go, if she should know.
I was untrue. Oh so untrue.
Made to share for every little one (oh little one)

Little one (oh little one) Oh little one (oh little one)

BREAK

Oh little one (oh little one)
Oh little one (oh little one)
My tears I now cry, as she walks by his side.
Bye little one... Goodbye little one
Oh I will die without you, little one. (oh little one)
Little one (oh little one)
