Baby, baby (oh-oh) my little baby
Baby, baby (oh-oh) I love baby
Lonely me, woe is me
She's done and gone and set me free
Now I know I love her so
But it's too late, there she goes
Baby, baby (oh-oh) my little baby
Baby, baby (oh-oh) I love baby

Baby, baby (oh-oh) my little baby
Baby, baby (oh-oh) I love baby
Missing you is all I do
You don't know what I go through
I know you won't change your mind
Poor little Johnny's left behind
Baby, baby (oh-oh) my little baby
Baby, baby (oh-oh) I love baby

This could be a paradise
I'll stop gambling, shooting dice
If you will return to me
Gosh oh baby, gosh oh gee
Baby, baby (oh-oh) my little baby
Baby, baby (oh-oh) I love baby
Baby, baby, baby, baby
