Being correct tangle... noises surround me the tension  
leave to mine body erzittern a rusty feather/spring  
clasp mine I I understand myself nevertheless not to hit  
a corner, who am mine live would wind, the that am my  
house oh wuerd I only... oh can I nevertheless... that  
cannot be nevertheless yet everything? the  
feather/spring shatters sometimes there can I see  
further sometimes sometimes dreams I bad things can  
I understand it darkly around me jack into the box the  
darkness broken the schemen to then take shape on  
then sometimes feels itself I my old to live then can I  
understand blood smell in my lung hurts oneself to  
shoot into my body hurts to shoot into my head I... is...  
with my hands I gave sieved souls to eternity why?  
why? why? why only? I do not want to see it I do not  
want it to know to Mach it go let it disappear which  
times was nevertheless not which times was interested  
am long past being correct tangle... noises surround  
me the tension leave mine body erzittern a rusty  
feather/spring clasp mine I I understand myself  
nevertheless not to hit a corner the that am mine to live  
would wind that am my house oh wuerd I only, oh can I  
nevertheless that can nevertheless not everything be?  
hit a corner that is mine live would wind that is my  
house oh wuerd I only, oh can I nevertheless that can  
do nevertheless not everything... its! no! no! that  
cannot be nevertheless everything!?
