They hit like hand grenades
When they fall to the floor
Precious pearls of pain
Casualties of war
Might as well take a knife
Shove it through my heart
If you're gonna let those
Big blue eyes start
Have some mercy on this man

Scream and shout, cuss me out
Say whatever's on your mind
Let me know where I can go
How I've ruined your whole life
Aw but please...
Baby don't cry

Wish I could turn back time
Sew my big mouth shut
Build a dam ten stories high
If it'd turn back the fun
There ain't nothing I won't do

Scream and shout, cuss me out
Say whatever's on your mind
Let me know where I can go
How I've ruined your whole life
Aw but please...
I'm begging you please...
Baby don't cry
Aw baby don't cry

Just one tear's too much to bear
Baby this ain't fighting fair

Scream and shout, cuss me out
Say whatever's on your mind
Let me know where I can go
How I've ruined your whole life
Aw but please...
I'm begging you please...
I'm begging you please...

Baby don't cry

They hit light hand grenades
When they fall to the floor
