Walking in circles cause she wouldn't pick up the phone  
I'm not so sure that she's capable of being alone  
I can't get me to her to tell her that everything's fine  
If she'd answer, I'd send her my love over telephone  
lines

Well we don't change the past cause it's already  
written, I know  
But sometimes it feels like the future is coming so slow  
I can't speed things up and I surely can't hold back time  
If she'd answer, I'd send her my love over telephone  
lines

It's raining in Boston tonight  
Stars are hiding in my sky

All of her secrets are locked up in her head  
Launch me from a cannon into the sky  
I would fall right into her bed  
Morning would find me in her eyes

Well I leave this old place and I stumble out into the  
street  
I paint her face on every lady I meet  
Rain hits the pavement, it drops from above in my eyes  
If she'd answer, I'd send her my love over telephone  
lines

It's raining in Boston tonight  
Stars are hiding in my sky

All of her secrets are locked up in her head  
Launch me from a cannon into the sky  
I would fall right into her bed  
Morning would find me in her eyes

Launch me from a cannon into the sky

Lady  
Please don't forget

Lady

Please don't forget

Lady

Please don't forget me now
