Had a dream you were there for the taking
What a dream it was love we were making
I woke up, I was lying all alone again
Like a ship that's lost in the ocean
We've been lost in our own emotion
Gotta find a place we can call home again.

Too many nights alone
Too many days gone by
Too many tears we cried
We got to right the wrong...
Time to bring it on, la-da-da-da
Bring it on, la-da-da-da

All along I knew you were knowing
Everything I thought I was showin'
I wanna stop goin' around and round again
I'm a man who knows what he's sayin'
And I'm through with the games we've been playin'
Say goodbye or say hello to the way it's gonna be.

Too many nights alone
Too many days gone by
Too many tears we cried
We got to right the wrong...
Time to bring it on, la-da-da-da
Bring it on, la-da-da-da

Remember all the feelings that were felt along the way
There's a new beginning and it's startin' here today.
Now bring it on

Too many nights alone
Too many days gone by
Too many tears we cried
We got to get it on
We got to right the wrong...

Time to bring it on, la-da-da-da
Bring it on, la-da-da-da
