Open up your eyes  
Tell me what you see  
Is there a place for me  
Inside of you  
Can we both forgive  
Try to just forget  
Forget the past  
And let the day begin

CHORUS-

I'm going back again  
I'll take it to the end  
Remember where we've been  
And where we have to go  
Take a look around  
Look at what we've found  
I know that we can be  
What we want to be  
I'm going back again

Every other day  
I think of what to say  
But the words  
The words are just a part of it  
I run into the walls  
And then I see it all  
And I dance alone  
As I think of you

CHORUS-

I'm going back again  
I'll take it to the end  
Remember where we've been  
And where we have to go  
Take a look around  
Look at what we've found  
I know that we can be  
What we want to be  
I'm going back again

I see the story in your eyes  
And we can never say goodbye

I wanna show you, show me  
Come on, and show me

Take a look around  
Look at what we've found  
I know that we can be  
What we want to be  
I'm going back again  
I'm going back again  
I'm going back again
