It's like the world is waiting  
For a sign from our hearts  
A signal to start  
I feel my chains are breaking  
Emotional barriers  
That have kept us apart  
All of our lives wasted  
On blind ambition  
We need the time to try  
We've got the right key  
Turned in the wrong direction  
The right dream  
Waking up too fast  
It's a long road  
Full of good intentions  
And, Girl, if we take it  
I know we can make it last  
Why don't we  
Talk it over  
There on our battlefield  
Surrender together

Yeah  
And while the world is watching  
We'll send out a message that will  
Last forever  
All of our lives wanting  
The right conditions  
We need the time to try  
We've got the right key  
Turned in the wrong direction  
The right dream  
Waking up too fast  
It's a long road  
Full of good intentions  
And, Girl, if we take it  
I know we can make it last  
We can make it  
Girl, we can make it last  
We can make it last, baby  
Girl, if we take it  
I know we can make it last
