Alone I'm going around in circles  
Moving aimlessly  
Giving so much time for the future  
Got nothing left for me  
Runnin' restless through the city  
To find my fnatasy  
Looked into your eyes and found it  
Lookin' back at me

Now that the winter's over  
Sweet love is takin' over  
All of those dark clouds have faded away  
Ooh, you got the tables turnin'  
Can't stop the fire burnin'  
You got a ticket to take me all the way

Weatherman says it's gonna get hot tonight  
There's a fever in the air that I can't control  
Now I'm gonna be a fool for love  
But I think it's all right  
And I never wanna let this feeling go  
Weatherman says it's gonna get hot tonight  
And I'm gonna fill this burnin' desire  
And I'm gonna get lost in love  
'Cause I feel so right  
Baby, I'll raise this flame into a fire

Lost my vision trying to read the writing on the wall  
Caught in fatal fascination  
Heading for a fall  
Sweet shining summer angel came to my rescue  
Shook off all that old suspicion  
Found a dream come true

(Repeat chorus)
