Look at these eyes
There's a new light in them
You're in my arms
And I feel alive again
Just like the Phoenix rises after it dies
I'm hearing the cries of new beginnings
Love was beside the clouds
Found me somehow
And now my lonely room is filling with light
Whenever hearts collide
Lovers are born
Lovers just like
You and I
Whenever hearts collide
New dreams are born
Dreams that explode in the night
Whenever hearts collide
Lovers are born
Lovers just like you and I
Witness the change
That's coming over me

We're making love
What it's suppose to be
One tiny spark inside
Is multiplied.
Swept up in a tide of tender feelings
Love is so warm it glows
So bright it shows
And know you're making me believe in the night
Whenever hearts collide
Lovers are born
Lovers just like
You and I
Whenever hearts collide
New dreams are born
Dreams that explode in the night
Whenever hearts collide
Lovers are born
Lovers just like you and I
Whenever hearts collide
Lovers are born

Lovers just like you and I
