JW: yeah war is not here no it is not this will not be war until 2967! ZA: yeah we will not be dead then we will be living in people's heads LA: (cello solo) yeah! but we will keep coldplay alive! JW: we will put our shotguns down, but we will keep our heads up to keep the world from ending so we can live forever to sacrifice dangerous beasts and things for good so keep on fighting enemies for survival of the people (long guitar solo) and we will win the fight of our lives forever we will have the power to change lives of the people of the universe and even Mars! DA: we can defeat zombies for the sake of people who are scared of them to survive! ZA: yeah we can! so put your shotgun down and get a sword instead for also slaying dragons and monsters! JW: so even defeat bullies by standing up to them and saying "you're not the boss of me!" to save everybody in the world at every school! LA: so do not even start anything bad until war to survive!
