There's a lot that I don't know  
There's a lot that I'm still learnin'  
But I think I'm letting go  
To find my body it's still burning  
And you hold me down  
And you got me living in the past  
Come on and pick me up  
Somebody clear the wreckage from the blast

Yeah, I'm alive  
But I don't need a witness  
To know that I survived  
I'm not looking for forgiveness  
Yeah, I just need light  
I need light in the dark as I search for the resolution

And the bars are finally closed  
So I try living in the moment  
'Til the moment it just froze  
And I felt sick and so alone  
I can hear the sound  
Of your voice still ringing in my ear  
I'm going underground  
But you'll find me anywhere I feel

That I'm alive  
And I don't need a witness  
To know that I survived  
I'm not looking for forgiveness  
Yeah, I just need light  
I need light in the dark as I search for the resolution  
I need light in the dark as I search for the resolution

Resolution  
Resolution  
Resoultion

And you hold me down  
And you hold me down  
Yeah, I'm alive  
But I don't need a witness

To know that I survived  
I'm not looking for forgiveness

Yeah, I'm alive  
And I don't need a witness  
To know that I survived  
I'm not looking for forgiveness  
I just need light  
I need light in the dark as I search for the resolution  
I need light in the dark as I search for the resolution  
I need light, I need light
