I'm caught  
Somewhere in between  
Alive  
And living a dream.  
No peace  
Just clicking machines  
In the quiet of compazine.  
The walls caved in on me.

And she sings  
My bird dressed in white.  
And she stings  
My arm in the night.  
I lay still  
Still I'm ready to fight.  
Have my lungs  
But you can't take my sight.  
The walls caved in  
Tonight.

And out here  
I watch the sun circle the earth  
The marrows collide in rebirth  
In God's glory praise  
The spirit calls out from the caves.  
The walls fell and there I lay  
Saved.

The walls are caving in  
As far as I can see  
The walls are caving in  
The doors got locked for sure  
There's no one here but me

Beat my body like a rag doll  
you stuck the needles in my hip  
Said 'we're not gonna lie  
Son, you just might die  
Get you on that morphine drip, drip'

The walls are caving in

As far as I can see  
The walls are caving in  
The doors got locked for sure  
There's no one here but me

I fought a war to walk a gang plank  
Into a life I left behind  
Windows leading to the past  
Think it's time I broke some glass  
Get this history off my mind

And what if we were married forever?  
Like the past never happened  
And time did not exist for us at all  
I still think we'd still be traveling together  
Through all kinds of weather  
Everything's a piece of everyone

As far as I can see  
Walls are caving in  
Doors got locked for sure  
But I see these doors have keys

Walls are caving in  
As far as I can see  
The walls are caving in  
Doors got locked for sure  
There's no one here but me  
There's no one here but me  
No one here but me, yeah.  
There's no one here but me  
No one here but me
