I will give you this confession  
I am taking you with me  
Where can contemplate out chemistry

And your eyes were lined with questions  
With blood rushing the waves  
To take this feeling with us  
To our graves

I get the feeling we're so misdirected  
I get the feeling we have lost control  
Tune in I'll turn you to the new religion  
We're dropping out into the so unknown

And we won't wake up on Sunday  
So I'm building us a church  
Where we can sleep in  
With the gods at work

And our friends will write us letters  
They'll never understand why we don't call  
We're hiding out until the empire falls  
Let it fall

I get the feeling we're so misdirected  
I get the feeling we have lost control  
Tune in I'll turn you to the new religion  
We're dropping out into the so unknown

If we have lost control  
We're drifting show into the so unknown  
If we have lost control  
We're drifting until we drop out

And I'll give you this confession  
I am taking you with me

I get the feeling we're so misdirected  
I get the feeling we have lost control  
Tune in I'll turn you to the new religion  
We're dropping out into the so unknown  
I get the feeling we're got disconnected

I get the feeling we have lost control  
Tune in I'll turn you to the new religion  
We're dropping out into the so unknown
