Keep your eyes on the road on the Glass Passenger
He sings for a traveling band.
Well I'll be tomorrow
Is God only knows
Seems there's a science in hand
But I'll finish the shows when I lay.

I said hey hey hey
We're all gonna die
Hey hey hey
We're all gonna die
We're all gonna die someday.

To England turned gray
To the old TLA
To the lands of my portable camera
Labeled proud to the New Yorks shows sold out
I noticed a change in the weather
It's got cold someone hand me my sweater.

I said hey hey hey
We're all gonna die
Hey hey hey
We're all gonna die
We're all gonna die someday.

So keep your eyes on the road on the Glass Passenger
I've return to scene of crime
With my bus and my band I'm making a stand
So sympathy now for the last time.

I said hey hey hey, we're all gonna die
Hey hey hey, we're all gonna die
Well I said hey hey hey, we're all gonna die
I said hey hey hey, We're all gonna die
