I swim across an ocean
It's my mattress in the basement
I'm sweatin' out excuses
That would make your stomach turn
The road we drove last night
Stretched from the desert to Las Vegas
We filled our cups, and lit one up
The snow began to burn

Oh, Oh maybe, we were made
We were made for each other
Ahh, is it possible for the
World to look this way forever?
Ahhh, Ahhh...

I talked so much, I'm sure
I didn't realize I'd gone crazy
Didn't catch my bloody nose
Or that my heart tried to explode
I still live with my High School friends
Some people never change at all
We're still the same compulsive drunks
We were when we were small
(Someone get this man to a hospital!)

Ohh, maybe, we were made
We were made for each other
Ahh, is it possible for the
World to look this way forever?
Ahhh, Ahhh...

A long (a long) way from from a firework daze
But i still like to burn, burn, burn
I'm always (I'm always) in the haze of a car crash
The orange airbag dust covers everything
Oh, everything

And maybe, we were made
We were made for each other
Ahh, is it possible for the
World to look this way forever?
Ahhh, Ahhh...

You can breathe, you can breathe now
You can breathe, but the air is running out
You can breathe, you can breathe now
You can breathe, but the air is running out on you

You waited for me in the rain
In the parking lot
Cold hands, lips blue
Clothes stuck to you
You could have phoned me for a ride
It's a mess out there
You said the rain's the rain
Some air'd be good for you
(you can breathe, you can breathe now)
It'd be good for you
(you can breathe, but the air is running out)

You get in my car
Where it's warm
You cannot forget
Skin new, hands true
My hands all over you
So what's another night
The seats rolled back
We can't see through
The rains the rain
Some air'd be good for you

You can breathe, you can breathe now
You can breathe, but the air is running out
You can breathe, you can breathe now
You can breathe, but the air is running out on you

And you walked for miles down
The shores of California to the
Coast of Mexico where you could hide
And no one'd have to know

You can breathe, you can breathe now
You can breathe, but the air is running out
You can breathe, you can breathe now
You can breathe, but the air is running out (on you now)

You can breathe, you can breathe now
You can breathe, but the air is running out
You can breathe, you can breathe now
You can breathe, but the air is running out on you
Running out on you

(Maybe, the world can look like this forever)

(You can breathe but the air is running out)
(Maybe, the world can look like this forever)
(Maybe, the world can look like this forever)
(You can breathe but the air is running out)
(Maybe, the world can look like this forever)
