welcome to the future  
we're all so glad you came  
attacked me in the laneway  
in this town you don't get nowhere unless you're on a  
bicycle  
so hip and out of touch  
parked out on the speedway  
just trying not to move  
its only getting harder now

we could engineer a wall that couldn't fall  
with all this time  
my life in technicolor  
can you check the shutters  
someone get my mother  
on the phone  
she oughta know what i'm up to  
out here in hollywood you don't need a sweater cause  
the sun feels better  
in slow motion  
i ride the wave back home

welcome to your next life  
iweve hope you've come prepared  
we all wish you the best life  
the questions leave a message  
we'll call you back, of course we will  
so dive in and dye your hair  
yeah baby its the new you  
stitchin' up your style  
but i'm not too concerned with fashion

we could wait for rain to fall but it would only waste  
our time  
my life in technicolor  
can you check the shutters  
someone get my mother  
on the phone  
she oughta know what i'm up to  
out here in hollywood you don't need a sweater cause  
the sun feels better  
in slow motion

i ride the wave back home

someone get my mother  
on the phone  
she oughta know what we're up to  
out here in hollywood you don't need a sweater cause  
the sun feels better  
in slow motion  
i ride the wave back home  
i want outta the wave  
my life in technicolor,  
my life in technicolor,  
my life,  
my mother on the phone

out here in hollywood  
out here, out here in hollywood  
its so much better  
ill ride the wave back home  
i'll ride the wave back home
